#### TBH Brotherhood: Monthly Brotherhood Poker Game, Instructions

Please use the following to sign up and sign in to PokerStars for this game. A zoom invitation will follow.

1. Go to [www.pokerstars.net](http://www.pokerstars.net) and download the software to your laptop, desktop, or tablet. Mobile phones are NOT supported for this site/software.
2. Once downloaded, open up the software. It may have an update. If so, let it update.
3. Assuming you don't have an account, create one. Note that your username will be used at all the poker tables, so choose wisely. Once you choose, it cannot be changed.
4. Once you have created your username and password, log into the site.
5. Once you're on the site, you will need to purchase play chips. Pokerstars does NOT use real money. They only make money when you buy their play chips (which are cheap).
6. In the top right corner there is a button that reads "buy play chips". When you click it, a window will open up that shows the various chip amounts. I bought 665,000 for \$2.99. That should be plenty to start.
7. Buy the chips.
8. Once a home game has been determined to happen (which you will receive an email), you will go back into the site. Once in the site, on the right side, the lowest button is "Home Games". You will receive an invitation to join a Club ID and password to get in.
  - Once you are on the site, in the lower right click "home games"
  - Then click (upper left) "Join a Poker Club"
  - Club ID: 3617253
  - Invitation Code: shabbatshalom (lower case)
  - The most important part is steps 1-7
  - Getting into an invited room is much easier
